### What are we learning?

**Math:** We are currently working on a measurement unit on elapsed time in math. Many kids need additional practice telling time on an old-fashioned analog clock.

**Literacy:** We have moved on to Module 3 in our EL literacy program, which focuses on *literary classics*. The kids are enjoying reading *Peter Pan*, and retelling/summarizing each chapter in their own words.

**Science:** We continue working with plants. The kids planted Wisconsin Fast Plants today and will observe changes over the next few weeks.

**Social Studies:** Mr. Lee has started the 4<sup>th</sup> quarter unit on economics.
